110 Screaming Eagle Engine Reviews

The Screamin' Eagle 110 V-Twin engine is a high-torque motor used to power the Harley Davidson custom vehicle operations (CVO) Softail convertible and Ultra Classic Electra Glide. Harley produced the 2010 and 2011 CVO Electra Glide and Softail as limited-edition models, limiting the Ultra Classic's production to 999 units.

CVO 110 Engine Specs | It Still Runs

The Muscle 110 package is a dream to ride everywhere - short hops or on the long haul; torque and horsepower are increased across the entire RPM range. Where the stock 110 engine levels out at just over 4,200 RPM, the Muscle 110" kit kicks into overdrive and raises horsepower by 45%! Peak horsepower climbs from the mid-80's to the high-120's with torque over 100 ft/lbs from 2,500 through 6,500 ...

Zipper's Muscle 110" Kit for 2008-Up CVO Models

HARLEY DAVIDSON CVO Road King specs - 2006, 2007 ...

The current crop of tourers with the modern Twin Cam are surprisingly refined; the engine has come a very long way since the 88's days, and against the all-new Milwaukee Eight, the Twin Cam wasn't exactly light years back. The new engine is a better engine in a better bike, but not dramatically so. The 2016 was a nine, the 2017, a ten; one ...

Harley-Davidson Milwaukee Eight vs. Twin Cam Engine {Best ...

Harley's CVO 110" engine is quite different from the 103, as it is equipped with much larger valves and heavier valve springs. Our engineers designed the 587 specifically for the factory CVO 110 to provide smoother, more exciting power over stock from 2,000 rpm to over 100 horsepower at red line, without the trademark flat-lining at 4,500 that the stock cam provides.

Zippers New Red Shift 587 Cam for CVO-110 Engines | Hot Bike

Something else we decided to add was the Screamin' Eagle Rocker Arm Support Plates (part # 17675-01B, \$159.95). These have increased strength to handle the increased loads from higher lift cams, which we have. All in all, it's the attention to detail when building a bike that matters, especially when focusing on the engine.
