Initially the higher compression ratio made the engine unsuitable for the British market, as the postwar austerity measures of the early 1950s restricted UK vehicles to 72 octane " Pool petrol ". The first DB2 Vantage, LML 50/21, was delivered to, and raced by, Briggs Cunningham in the United States.

Aston Martin DB2 - Wikipedia

(1950) Aston Martin chairman, David Brown must have been sufficiently encouraged by the performance of his embryonic racing team in 1949, that he recruited John Wyer as team manager in March 1950 shortly before the DB2 was first shown to the public. Despite the immense demand for cars, the very next three cars off the production line following the show car were diverted to the racing ...
