A Different Kind of State?: Popular Power and Democratic ...

Different types of state. Types of state can be separated into two categories: democracy and dictatorship. However, just because a group of states are all democratic does not mean that they follow the same rules. Iran, Pakistan, France, Germany and the United States of America are all states.

State - Simple English Wikipedia, the free encyclopedia

Different kinds of state 1. Condominium state. Condominium is a territory where two or more state exercised sovereignty. For example England and France has joint sovereignty over New Hebrides. 2. Vassal states. Vassal states are states, which are autonomous in internal matters but not on external matters.

State and Different Kinds of States - Lawaspect.com

State, political organization of society, or the body politic, or, more narrowly, the institutions of government. The state is a form of human association distinguished from other social groups by its purpose, the establishment of order and security; its methods, the laws and their enforcement; its territory, the area of jurisdiction or geographic boundaries; and finally by its sovereignty.

State | sovereign political entity | Britannica

Independent states are called sovereign states in international Law. Dependent States A dependent (non-sovereign) state, according to Salmond, is one "which is not complete and self-existent, but is merely a constituent portion of a greater state which includes both it and others, and to whose government it is subject." In simple words, they are imperfect subjects of international Law.

State, its kinds, states and functions - The Law Study

Problems: Different ethnic groups settling in the area can cause the area to break off from the state or side with a neighboring country. Reasons: More resources available to the state and access to waterways.

31.1 TYPES OF POLITICAL SYSTEMS Three types of societies manifesting three forms of power comprise three general social structures of expectations. My special concern is with such societies in the form of states. A state is a formal group (Section 23.2 of Chapter 23) that is sovereign over its members and occupies a well defined territory. It ...

THE STATE, POLITICAL SYSTEM, AND SOCIETY

Types of states. States may be classified by political philosophers as sovereign if they are not dependent on, or subject to any other power or state. Other states are subject to external sovereignty or hegemony where ultimate sovereignty lies in another state.

State (polity) - Wikipedia

In the United States, a state court has jurisdiction over disputes with some connection to a U.S. state. State courts handle the vast majority of civil and criminal cases in the United States; the much smaller in case load and personnel, United States federal courts, handle different types of cases. Generally, state courts are common law courts, and apply their respective state laws and ...
