### Doom: Annihilation (2019) - IMDb

Annihilation is a 2014 novel by Jeff VanderMeer. It is the first in a series of three books called the Southern Reach Trilogy. The book describes a team of four women (a biologist, an anthropologist, a psychologist, and a surveyor) who set out into an area known as Area X. The area is abandoned and cut off from the rest of civilization.

### **Annihilation (VanderMeer novel) - Wikipedia**

Annihilation is out there in a beautiful and fearsome way that makes the viewer aware of something else besides escapism or the present moment, a thoughtful science fiction film that is illogical in a frightful way because it's based on something mystical in our biology. —Hans Morgenstern

### **Amazon.com: Annihilation: Natalie Portman, Jennifer Jason ...**

2. the act of annihilating 3. (General Physics) physics the destruction of a particle and its antiparticle when they collide. The annihilation of an electron with a positron generates two or, very rarely, three photons of annihilation radiation.

### **Annihilation - definition of annihilation by The Free ...**

Whereas a linguist is the protagonist and narrator of Arrival, the linguist in Annihilation pointedly drops out of the expedition before the novel even begins. What this book is, as many others have pointed out, is similar to Lost or (in my opinion) Prometheus. The writing, especially at the start, is both exciting and compelling.

### **Annihilation: A Novel (The Southern Reach Trilogy, 1 ...**

Synopsis The film opens in a facility where a biologist named Lena (Natalie Portman) is in a containment cell speaking to men in hazmat suits while a large group of people are gathered outside listening in. Another man named Lomax (Benedict Wong) is questioning Lena regarding a recent mission in which only she has returned.
