Essay on How Britain Changed Between 1750 and 1900 | Bartleby

In between 1750 and 1900 Richard Arkwright started building water-powered mills. In 1769 he created the spinning jenny which was powered by water and in 1771 he made the first water-powered factory in Cromford, Derbyshire. It was rectangular, five stories high, with lots of windows to let light in and it was powered by a water-wheel. Britain in ...
