I love your site and thank you for the detailed wiring instructions. I have purchased my first boat, a 1978 Catalina 22, and the wiring is quite sliced and diced. I am purchasing the Seachoice panel and ground block. Is there a location where the terminal ground block grounds to on the boat, or is it just to the battery.

Electrical - Catalina Direct

The 12 volt battery furnished with the Catalina 22 electrical system will provide power for your lights for many hours, but like any lead-acid battery it will need recharging occasionally. Be sure the cabin is open for ventilation while charging, or remove the battery and charge ashore.

Manual | 22 Catalina

"My brother and I just bought an 81 Catalina 22 that was abandoned. It currently has a cabin half full of ice. It was allowed to sit in the back of a boat bone yard unattended and forgotten. We are in the process of getting the water/ice out of the cabin to determine if the boat is salvageable or just a part donor.

Anything and Everything Catalina 22

The Catalina 22 was the first boat built by Catalina. The Catalina 22 that we are reviewing here was in production from 1969 until 1995, when the Catalina 22 MkII was introduced. During this more than quarter-century of production, several incremental changes were made, with several significant upgrades in 1986, when a wing keel version was ...
