how children communicate that something is wrong – or is a sign that they may be in distress. Many children go through phases when they don't behave. Often this is nothing to worry about, and most children will move out of this phase as school staff and parents help them settle into school routines.

‘Challenging behaviour indicates there is a problem in learning and not in the person,’ explains disability charity Scope. Types of challenging behaviour:

Self-injury or self-harm: This can present as head banging, hand or arm biting, hair pulling, eye gouging, face or head slapping, skin picking, scratching or pinching and forceful head shaking.
