The University Curriculum Committee meets approximately twelve times per academic year between the months of September and April. These meetings are generally limited to 2.5 hours.

Packages are placed on the agenda in the order that packages are received
COMPLETED.

Undergraduate Curriculum and Program Development Manual

Programs that specify thirteen courses require fourteen electives; twelve-course majors require fifteen electives, and so on. Additionally, the amount of credit by examination (e.g., AP, IB, placement credit, etc.) may also impact the number of electives required. For students matriculating in Autumn 2017 or later, of the 4200 units required to graduate, at least 3800 units must be completed via course enrollment, i.e., not credit by examination.

In education, a curriculum is broadly defined as the totality of student experiences that occur in the educational process. The term often refers specifically to a planned sequence of instruction, or to a view of the student's experiences in terms of the educator's or school's instructional goals. In a 2003 study, Reys, Reys, Lapan, Holliday, and Wasman refer to curriculum as a set of learning goals articulated across grades that outline the intended mathematics content and process goals at part
