Secondly? Has anyone actually mounted their depth raider on the dash? There are lots of "interference" notes in the manuals, but I feel like I've seen plenty of guys mount them on their dashes. Any comments? I'm 99.9% sure my unit is installed correctly - the only concern/question i'm worried about is that coaxial cable.

Depth Raider Installation Question - Lake-Link

should be noted that the actual depth of operation without a coated cable can vary greatly from installation to installation, boat to boat, water conditions, etc. While the Depth Raidersystem will operate to varying depths without the coated cable; installation of the coated cable is highly recommended to provide proper operation to 200 feet.

Bucher Depth Raider - Musky Tackle Online

So, I bought the Depth Raider today, so now what? Well, I was reading the install instructions and it seems I have 2 choices, either the direct connect or the Swivel Connect. My boat has downriggers that I slide off to take them off to put the cover on, So I am leaning towards the Swivel Mounting. So my questions:
