Design as Politics, by Tony Fry: Design and Culture: Vol 4 ...

Design as Politics by Tony Fry. This meaty book by design theorist Tony Fry looks at how flawed contemporary politics are not dealing with current sustainability issues, of which climate change plays only a minor part. The book explores the hows and whys of this and raises the need for a shift from "institutionalized politics as we know it to action in the realm of the political."

Design as Politics: Amazon.co.uk: Fry, Tony: Books

Fry explains why this is so and explores the implications of this state of affairs. He claims that any future worth having requires a political transformation of existing social and economic life, and that this necessary change cannot arrive by the existing political discourse, but instead requires another kind of politics united with a dynamic transformative agency (exposed as design remade).
