To create your own pedagogy, start by devising a personal philosophy of teaching statement that can help students manage expectations about your teaching methods and approach to curriculum. Support students in finding the best ways to understand the subject matter, and the language used within it by building on their culturally-based ways of talking.

Pedagogy: What Educators Need to Know | Top Hat

What is pedagogy? If teaching is the act of encouraging learning activities through discovery and acquired knowledge, pedagogy is the method of teaching, both as an academic subject or theoretical concept. Within pedagogy, there are four core learning profiles: Auditory learners benefit from listening to the information presented to them in class. They learn orally from both listening to instruction from the teacher and audio recordings.
