Education under Stalin was expected to create young workers into good workers. In 1931, a decree ordered curriculum, to abolish the polytechnic focus created in 1918. Focused on key subjects such as reading, writing, science and maths. Would form the basis of a socialist education system.

Education and young people | A Level Notes

School is the main institution of young people's oppression. Schools are not set up well for young people to learn. Instead they perpetuate young people's oppression. They separate young people from each other.

School, Education, and Young People's Oppression

Young people have an enormous stake in the present and future state of Earth. Almost half of the human population is under the age of 25. If young people's resources of energy, time, and knowledge are misdirected towards violence, terrorism, socially-isolating technologies, and unsustainable consumption, civilization risks destabilization.

Young people, education, and sustainable development

The Australian Education Council (AEC), at its October 1988 meeting, resolved to establish a working party on links between schools and TAFE. The working party's report was considered by the Ministers in the June 1990 AEC meeting and it was agreed that a small group of officials would develop an issues paper and recommend an agenda for a major national review of postcompulsory education and ...
