Citizenship in the Early Republic. After the collapse of the old monarchy and the foundation of the Republic, the control of Roman government was restricted to a handful of great families - the patricians, a word derived from patres or 'fathers'. The remaining residents/citizens were called plebians, representing the poor as well as many of the city's wealthy.

In archaeology. African origins were not unusual in urban centres of the Roman Empire as far north as Britannia; a craniometric study of 22 individuals from Southwark, Roman London, found that four of them appeared to be of African ancestry, and the isotopic analysis of their bones suggested childhoods spent in a climate warmer than Roman Britain. ...

Black people in ancient Roman history - Wikipedia

This was evil regardless of the methods employed by the Empire and its successors or offshoots. For the United States and other democratic republics, the governed should be involved (and those who can, serve as citizen soldiers) and take care to not be too reliant on a shrinking population to protect the nation and its interests.
