Learning to express yourself in English when talking about your health can be difficult. While you don't need to understand the more technical, scientific, or medical language doctors and other healthcare providers use, it is helpful to know basic health-related vocabulary.

### **Important Health-Related English Vocabulary**

In many cases—such as on health-related U.S. government websites—health care is the noun (e.g., “your health care is important”) and healthcare is the adjective (e.g., “find a healthcare professional”), but this is not consistently borne out, and both forms are widely used both ways. Many publications and websites seem to have no policy on this at all.
