I have reviewed the Interactive Homework books for several grade levels in the enVision Math series. The Grade 5 book is a solid workbook and follows the pattern of the others. That is, it includes one page per section of the actual textbook. I wish the workbook included more than just one practice page for each section.

This book is like the other enVision Math Interactive Homework books. They offer one page of problems per section of the corresponding textbook. There are a few typos and problems that are out of alignment, but not too many. Every textbook publisher has those kinds of issues, and I find they usually get worked out by the second or third edition.
