Patriarchy is a social system in which men hold primary power and predominate in roles of political leadership, moral authority, social privilege and control of property. Some patriarchal societies are also patriilineal, meaning that property and title are inherited by the male lineage.. Patriarchy is associated with a set of ideas, a patriarchal ideology that acts to explain and justify this ...

Patriarchy - Wikipedia

While males may typically play the dominant role, there are plenty of men who prefer the submissive role. While females may typically play the submissive role, plenty of women enjoy taking a more dominant role as well. There can sometimes be problems with two dominants in a relationship, but this depends on each of their flexibility as people.

Power Dynamics in Sexual Relationships | HuffPost Life

However, a high value on male aggression does not automatically or necessarily translate into male dominance, as women may achieve power under some circumstances. According to Sanday, men and women tend to be more segregated and competitive in societies that have a masculine/outer configuration.

"Explanations" of Male Dominance - Verso

Most feminists would agree that men's power over women, economically and socially, affects sexual relationships; generally speaking, women have less control in sexual encounters than do their male partners, and are subjected to a double standard of sexual conduct which favours men.

Sexuality and Male Dominance | SpringerLink

Although the laws in the New China establish women's rights, the practices and norms of society still engender male dominance. Chinese family norms promote the unity of the family, while placing women in a subservient and uneducated position. The traditional culture requires obedience to a father and then to a husband and sons.

Regarding men as superior to women: impacts of ...

Male Dominance. P.R. Sanday, in International Encyclopedia of the Social & Behavioral Sciences, 2001. The term male dominance evolved in the twentieth century as a conceptual label to characterize the unequal power relations between men as a group and women as a group. This categorical approach to gender relations is part of a long history of thought regarding the political relations of the sexes beginning with the early Greeks.
