Graphic design is the process of visual
communication through the use of
typography, photography, iconography
and illustration. The field is considered a
subset of visual communication and
communication design, but sometimes
the term "graphic design" is used
synonymously. Graphic designers create
and combine symbols, images and text
to form visual representations of ideas
and messages.

Graphic design - Wikipedia

It creates a visual representation of an idea and communicates the unsaid, establishing a relationship between the design and its audience. The five fundamental pillars of graphic design include Balance (for stability and structure), Alignment (for clarity and sharpness), Repetition (for unity and strength), Contrast (for impact and focus), and Hierarchy (for organization and direction).

31 Amazing Graphic Design Examples That Will Blow You Away

Design's Iron Fist is a great collection of one design wisdom after another. From teaching you how to think like a designer to helping you deal with fear and doubt, from pushing you to get out of your creative rut to giving you tips on how to market your business online, it has compiled a lot of the basic knowledge that would help any designer get up on their feet and start establishing a ...
