Hard Drive charts Gates's missteps as well as his successes: the failure of OS/2 and the embarrassing delays in bringing Windows to the marketplace; the highly publicized split with IBM, which then forged an alliance with Apple to battle Microsoft; the public relations fallout over various exploits of Gates; and the investigations by the Federal Trade Commission.

### Hard Drive: Bill Gates and the Making of the Microsoft ...

Hard Drive is the best account I've read on Microsoft and Bill Gates. It's a very old book (1993) but super detailed, well-researched on Microsoft and Bill Gates. It builds on a number of other older books on Microsoft and other companies (eg IBM), articles and interviews with people. There are lots of titbit stories and quotes from people.
