Harley Tire Pressure Guide | happyhounds.pridesource

For example, the front tire on Harley's XL 883L SuperLow model should be a Michelin Scorcher "11F" 120/70ZR18 inflated to 36 psi. Pressure for the rear tire, a 120/70ZR18 Scorcher, should be 42 psi. Harley Davidson warns that if its motorcycles do not have properly inflated specified tires, they may fail.

What Is the Proper Tire Pressure for a Harley Davidson?

harley tire pressure guide below. Between the three major ebook formats—EPUB, MOBI, and PDF—what if you prefer to read in the latter format? While EPUBs and MOBIs have basically taken over, reading PDF ebooks hasn't quite gone out of style yet, and for good reason: universal support across platforms and devices.

Harley Tire Pressure Guide - giantwordwinder.com

On the Road Glide Special, the recommended tire pressure settings are 36 psi up front, and 40 psi in the rear. You can find this info yourself by checking the sticker on the left-side downtube of the frame.

2018 Harley-Davidson Road Glide Tire Pressure Tip | Hot Bike

Jerry "Motorman" Palladino in his "Ride Like a Pro" DVD recommends running 40 psi tire pressure in the front Harley tire to lighten steering loads and ease low speed maneuvering. The H-D owner's manual calls for 36 psi in the front tire.

Harley Tire Pressure | Fix My Hog

Harley recommends about 36 to 40 PSI per tire, and the higher side should be used if you do a lot of 2-up riding. The most important numbers to consider will be found on the side of your tire rather than what is printed in your owner's manual, especially if you are not riding with the same tires that were sold with a brand new Softail. Figure 1.

Recommended Tire Pressure For Metzeler Motorcycle Tires ...

It is essential to check your tire pressure every two weeks when the tires are cold (i.e. a tire that has not run for at least two hours or has run for less than 2 miles at a reduced speed). Ensure that you make adjustments if you take the pressure after riding, i.e. with "hot" tires. In this instance, refer to the manufacturer's recommendations.
