I have a project where we have about 20 XL 15C's on an R2 replacement (not a Tridium AX solution). All other Honeywell Lon devices (XL 10's) have been easy to integrate but we are having issues reading the XL 15C data (XIF) we downloaded from the device. There are no plug ins and no DRF files for the XL15C's. LonSpec seems to be mentioned often in other posts as a possible solution.
