2 Stroke Engine Troubleshooting - Air. Checking to make sure your engine is getting air is the easiest part. Typically just a visual inspection of the air filter and carburetor area is all it takes. "Air" is usually never the problem. I have only once in my life experienced air being the problem with a 2 stroke engine not starting.

2 Stroke Engine Troubleshooting

For sale a Victa 2 stroke Commercial edger The edger starts easy and runs well. It has a Victa 160cc 2 stroke engine. This is a commercial type of edger used by ground maintenance companies, councils etc. It can be shown running. This type and brand are very expensive to purchase new.
