B. R. Hergenhahn | Open Library

Olson/Hergenhahn presents a comprehensive, unbiased approach to the major theories of personality covering fewer theories in more depth by focusing on pioneering, classic theories of personality representing the psychoanalytic, sociocultural, sociobiological, evolutionary, humanistic, and existential paradigms. Primary sources and the theorists' own words are used to describe and advance their theories with both a "contributions" and "criticisms" section to provide balance and a variety of ...
