The John Deere 160 is a lawn tractor just like the John Deere 111 in terms of purpose. However, both models differ from each other when it comes to features. The production of the John Deere 160 started in 1986. However, the production lasted little over two years and was stopped in 1988. John Deere has got the reputation of quickly halting production of their old models and coming up with something new every time, much like what Nokia does these days with their mobile phone manufacturing.
