So, last week I went and had an interview with a headhunter/placement firm. The interview went fine but as soon as it was done she asked me if I wouldn't mind taking a test. I was a little surprised but I said sure and she went through the list of available exams and let me choose which one I wanted to take, the Java 2 exam. Now, this exam was 43 questions, written by Prove It!

I'd ask them to have you do a coding test like one company did me. They had me write a program that takes an input from -999,999 to 999,999 and convert to words, ie. nine thousand..... and give them the source code and jar file. Either have a test that asked real Java coding questions or have you do a coding test. But the Proveit test I'd refuse.
