and Judah were believed to serve as Yhwh 's agents to rule the nation. They were expected to observe his covenant and laws, to defend the nation and engage in offensive war when deemed necessary, and to rule the people with justice (mishpat) and righteousness (tsedaqah). Although they were granted wide powers to carry out these tasks, the ancients believed that the kings would suffer divine punishment if they violated the ...

Rights and Duties of Kingship in Israel

Sacred kingship, religious and political concept by which a ruler is seen as an incarnation, manifestation, mediator, or agent of the sacred or holy (the transcendent or supernatural realm). The concept originated in prehistoric times, but it continues to exert a recognizable influence in the modern world. At one time, when religion was totally connected with the whole existence of the ...

In an absolute monarchy, the monarch rules as an autocrat, with absolute power over the state and government—for example, the right to rule by decree, promulgate laws, and impose punishments. Absolute monarchies are not necessarily authoritarian. In a constitutional monarchy, the monarch's power is subject to a constitution.

The history of the laws of England begins before England was a political entity. King Alfred defeated the Danes who were invading his kingdom of Wessex in the last decades of the ninth century. In the first half of the tenth, his successors, through military and other means, asserted their control over the rest of England. They therefore brought under their power a population upon which ...

Kings and Law - Oxford Scholarship

Kingship is directly connected to natural law, which is a central force in this play. A king has absolute authority and has no need to question natural law, and yet kings rule as God's representative on earth; thus their very position creates a reciprocal agreement between the monarchy and natural law.
