The Kobalt 24V circular saw can easily make 10 cuts all the way through 8 foot long sheet goods on a single 4Ah battery pack. Kobalt Tools says the 24V brushless saw is the only 6-1/2" model that cuts through three 3/4-inch sheets of plywood in a single pass. That's the same depth of cut you'd get from a full size 7-1/4 inch circular saw.
