Language, Culture, and Communication, 2013, 406 pages ...

Language and culture. It has been seen that language is much more than the external expression and communication of internal thoughts formulated independently of their verbalization. In demonstrating the inadequacy and inappropriateness of such a view of language, attention has already been drawn to the ways in which one's native language is intimately and in all sorts of details related to the rest of one's life in a community and to smaller groups within that community.

Language - Language and culture | Britannica

Culture enhances communication, and this is why people usually understand those of similar background best. As the world shrinks, cultural understanding becomes more important. Although English has become a language of interpretation, its use as a bridge cannot replace cultural understanding as a part of true communication.

Culture and communication - Research, University of York

Language of Culture in Communication Culture and its worldview reflects and impacts language in so many ways. The foundation is not necessarily the language a culture speaks, but how a culture thinks. How a particular culture thinks, acts, and its perception greatly influences and affects communication. A culture helps describes a particular situation or experience, in its own unique way it perceives the world, by this language is the means of communication.
