Let Us C. by. Yashavant P. Kanetkar. 4.13 · Rating details · 814 ratings · 47 reviews. What sets this book apart in the crowded shelves of C Programming books is simplicity and its narration style. These two have been the most distinguishing features of all the previous 6 editions of this book. Today's C programmer has to not only master the complexities and intricacies of the language but also has to contend with its usage in environments like Windows and L.

### Let Us C by Yashavant P. Kanetkar - Goodreads

Let Us C covers a vast number of topics on C - getting started with C, the decision control structure, the loop control structure, the case control structure, functions & pointers, data types, the C preprocessor, arrays, puppeting on strings, structures, console input/output and file input/output.
