ideas and beliefs, and the struggles over them. Greenfeld takes the reader on an intellectual journey through the origins of the concept "nation" and how national consciousness has changed over the centuries.

Nationalism: A Short History by Liah Greenfeld, Paperback ...

By Liah Greenfeld. The great and good of the Western world are alarmed. Nationalism, they say—rising from the primeval depths of biological human nature, untouched by the civilizing influences of History whose telos is global democracy—undermines the achievements of enlightened humanity. It poses an inherent threat to just societies—those based on the universal values of freedom, equality, and fraternity.

The World Nationalism Made | Liah Greenfeld

This book is a collection of articles written between 1985 to 2005. Liah Greenfeld is mostly known for her work on Nationalism, and her claim that "nationalism is the cultural foundation of modernity". Nationalism, for Greenfeld, is a new "form of consciousness" which appeared in 16th century England and defined what came to

Amazon.com: Nationalism and the Mind: Essays on Modern ...

Nationalism is a movement and a state of mind that brings together national identity, consciousness, and collectivities. It accomplished the great transformation from the old order to modernity; it placed imagination above production, distribution, and exchange; and it altered the nature of power over people and territories that shapes and directs the social and political world.

Nationalism — Liah Greenfeld | Harvard University Press

Liah Greenfeld's *Nationalism: A Short History* returns to themes she first discussed at greater length in *Nationalism: Five Roads to Modernity* (1992). The earlier book received mixed reviews, but the analytical categories that she employed have stood up well. Amitai Etzioni is a familiar figure in the communitarian
