### **10 ...**

"Mastering The Basics (And More) of Adobe Framemaker 10" I never thought I would say this about a technical book, but it was un-put-downable; reading 12 chapters in six straight hours (and understanding it too). While reading, I tried out a few things that I used to be puzzled about in the days of Framemaker 6 (the power of the Reference page).

Master the basics first, no matter how long it takes. Earn your “A” in every single basic skill before you move on to advanced skills. This is the fastest way to learn in the long run. Earn the right to graduate through each step from novice to intermediate to expert.

## **Master the Basics - Steve Pavlina**

You can think of mastering as the final step in the audio production process. There's a lot of complicated definitions out there, but the simplest definition of mastering is this; “Mastering is the process of finalizing an audio track or album by both enhancing it and preparing it for final release”. In even simpler terms...
