Deep Learning Explained To

Neural networks and deep learning

Deep learning is a subset of machine learning where neural networks — algorithms inspired by the human brain — learn from large amounts of data.

Deep learning algorithms perform a task repeatedly and gradually improve the

Read Online Neural Networks And Deep Learning Neural

outcome, thanks to deep layers that enable progressive learning. It's part of a broader family of machine learning methods based on neural networks.

Deep Learning - Neural Networks and Deep Learning | IBM

The "Neural Networks and Deep Learning" book is an excellent work. The
