In most cases, providing a sample calculation is sufficient in the report. Leave the remainder in an appendix. Likewise, your raw data (raw data sheet from Lab Manual should be signed by instructor at the end of Lab experiment) should be placed in an appendix. Conclusion. Simply state what you know now for sure, as a result of the lab.

Welcome to the NJIT ECE teaching lab website. The ECE department considers a hands-on experience in the laboratory to be an essential part of a quality engineering education. Detailed Laboratory Manuals are available for all ECE laboratory classes. We want to ensure that our students have the best laboratory experience they can.
