### 30+ Lateral Thinking Riddles And Answers To Solve 2020 ...

Thinking outside the box (also thinking out of the box or thinking beyond the box and, especially in Australia, thinking outside the square) is a metaphor that means to think differently, unconventionally, or from a new perspective. This phrase often refers to novel or creative thinking. The term is thought to derive from management consultants in the 1970s and 1980s challenging their clients to solve the "nine dots" puzzle, whose solution requires some lateral thinking.

### Thinking outside the box - Wikipedia

Creative thinking means thinking outside the box. Often, creativity involves lateral thinking, which is the ability to perceive patterns that are not obvious. 2 Creative thinking might mean devising new ways to carry out tasks, solve problems, and meet challenges. It means bringing a fresh, and sometimes unorthodox, perspective to your work.

**125 Thinking Outside The Box Synonyms and 60 Thinking ...**

What Is Lateral Thinking? Lateral thinking foregoes the usual step-by-step approach to problem-solving and instead uses indirect and creative approaches to come up with solutions that aren't immediately obvious. In essence, it encourages you to think creatively, write down any ideas you come up with no matter how outlandish, and access different parts of your brain to help you solve a problem. It's a different take on "out-of-the-box" thinking.
