The probabilities and payoffs have to be listed for the base game, every feature and every bonus round. If a payoff or probability changes with denomination or bet per line, that has to be described on the PAR sheet too. Calling the collection of information about how a slot game pays its players a sheet has always underplayed the size of the document. Even back in the '90s, the PAR sheet was always four to six pages long.

The Importance of Understanding Slot Math

A par sheet always describes how a machine is programmed and how it will perform in the long run. It is not a record of a machine's actual performance. The heading on the par sheet says that the machine is a 2-coin (option) buy-a-pay with the third coin acting as a multiplier (2 COIN O.B.P. with 3CM).
