Wonder if anyone can help me. I have just bought a second-hand Polycom HDX 7000. I'm trying to set it up without any real knowledge of how it's supposed to work, beyond the basic setup document which just lists the various parts. You can see from the attached file what I have plugged in at the back - microphone, camera, display, LAN and power.

Polycom HDX systems do not use their USB ports as a video source. If the camera you are using has a supported output, see the User's Guide for HDX Room systems, you can input it on the DVI input, which supports both digital and analog inputs. The other video input, the HDCI, is primarily designed for the Polycom EagleEye cameras.
