Flipping PC Hardware for Profit? - 1-Month Flip Challenge

The profit from building PC alone won't be high and sustainable enough for the business to grow big, but if you started it as a small informal business then you could try and see how it goes then. Just remember if you're building it for someone, then you're the one who will be contacted or asked for responsibility if something's goes wrong.

How to calculate profit margin - formula & tips

First and most importantly, NiceHash does not actually use your PC's hardware to mine crypto coins like Litecoin, Ethereum, or Monero directly. Instead, you're automatically selling your PC's hashing power to other miners who are mining those coins, effectively contributing to a pool's combined power.
