The Sony PS3 Blu-Ray/Media Remote 2.0 is a solid remote & good value. It works well enough that I can control both the PS3 and TV with this remote (I use the PS3 solely for streaming movies/shows & watching Blu-Rays). I have some gripes, such as small buttons & no backlight/illumination, that would be useful when watching TV in the dark.

Only one BD remote control can be registered with the PS3™ system. If you register the BD remote control with another PS3™ system, you will have to re-register if you want to use the remote control again with the first PS3™ system.

Blu-ray Disc remote control - PlayStation

But the biggest reason not to get this remote control is that the newer model Sony PS3 Media/Blu-ray Disc Remote Control does what this one does, lacks the flaw, and also controls your television with IR. The only advantage I can think of that this remote control has is that the four color buttons start with red and green, which is consistent with my other remote controls from other manufacturers.
