### Psychoanalysis And Religion Erich Fromm

Psychoanalysis and Religion is a 1950 book by social psychologist and psychoanalyst Erich Fromm, in which he attempts to explain the purpose and goals of psychoanalysis in relation to ethics and religion.

### Psychoanalysis and Religion - Wikipedia

Fromm contrasts authoritarian religion with what he considers humanistic religion. Fromm presents both Freud and Jung's theories, I feel that he was more charitable to Freud than Jung in this respect, he presents a synopsis of Freud's thinking in The Future of an Illusion, religion and theism where pretty much anathema to Freud it appears and he thought it was nothing more than one expression of the Oedipus Complex.

Fromm states that he is not asserting that his thesis applies to all researchers and practitioners in the field of psychoanalysis. According to an early reviewer, Fromm wrote Psychoanalysis and Religion in "an effort to reconcile the faith of the scientist with the ageless belief of man in the goodness and omnipotence of the Absolute..."

As a social scientist and psychologist, Erich Fromm suggests a somewhat different definition of religion from those definitions generally in use in the field of phenomenology of religion, which are narrower. For Fromm, religion is "any system of thought and action shared by a group which gives the individual a frame of orientation and an object of devotion" (21). With this definition of religion, Fromm contends that secular systems such as fascism, authoritarianism, and all the different ...

### Erich Fromm - Boston University

„Religion“ as I use it refers to (...) any group-shared system of thought and action that offers the individual a frame of orientation and an object of devotion.Indeed, in this broad sense of the word no culture of the past or present, and it seems no culture in the future, can be considered as not having religion.

Freud compares religion with the obsessional neuroses we find in children. And, according to him, religion is a collective neurosis, caused by conditions similar to those producing childhood neurosis. Freud's analysis of the psychological roots of religion attempts to show why people formulated the idea of a god.
