## Python Tutorials for Beginners - Guru99

Python is supposed to be one of the easiest programming languages to learn. Knowing that made me feel pretty bad the first time I tried and failed to learn it. It was even worse the second time I failed. But it turns out — and I learned this on the third try — that Python can be really accessible, even to a humanities-loving non-coder like me.

## How to Learn Python The Easy Way (And Not the Way I Did)
