Quaternary glaciations worldwide is presented for the first time in a uniform format. Edited by J. Ehlers, Geologisches Landesamt, Hamburg, Germany P.L. Gibbard, University of Cambridge, Godwin Institute of Quaternary Research, Department of Geography, Cambridge, UK Quaternary Glaciations: Extent and Chronology

ANNOUNCING Quaternary Glaciations: Extent and Chronology

This book is the first of three volumes in which the recent knowledge of the extent and chronology of Quaternary glaciations has been compiled on a global scale. This information is seen as a fundamental requirement, not only for the glacial workers, but for the wider user-community of general Quaternary workers. In particular the need for accurate ice-front positions is a basic requirement ...
