AACOMAS Med School Application Instructions and FAQs - AACOM

Avoiding unnecessary admissions in the first place is another. But unlike readmissions, with a finite list of patients discharged in the last 30 days, avoiding unnecessary admissions requires ACOs to keep track of many more patients. Tackle avoidable admissions by tapping into data analytics to treat patients in your ACO across the care continuum.

3 Tips for Reducing Accountable Care Organization Admissions

The recommendation is supported by credible research or other convincing judgments that make additional research unlikely to alter the recommendation. On occasion, a strong recommendation is based on low or very low certainty in the evidence. In such instances, further research may provide important information that alters the recommendations.
