Sleep definition, to take the rest afforded by a suspension of voluntary bodily functions and the natural suspension, complete or partial, of consciousness; cease being awake. See more.

Sleep | Definition of Sleep at Dictionary.com

No, Bandits no. 3, 5 and 1 are asleep, not dead. They still have the same hp as before they were sent to sleep. There is no damage dealt. It's a status effect, not a damage spell. You don't necessarily need to have damaged the target(s) before using the spell, but the less hp they have when you use the spell the more creatures you can effect.
