SQL QuickStart Guide: The Simplified Beginner's Guide to ...

The SQL QuickStart Guide bills itself as "the simplified beginner's guide", and I find that it does not oversell itself. It is indeed a very thorough and understandable introduction to SQL. Among other highlights, I found te explanations of inner and outer joins, their uses and the difference between them, clearer than any other I remember reading

SQL QuickStart Guide: The Simplified Beginner's Guide to ...

This is a nifty little book that does what it says on the tin...It really is a "Quickstart Guide", "The Simplified Beginner's Guide To SQL", If you've, say, recently encountered Sql - perhaps like myself, while learning about building web sites - it's possible that explaining how it works was buried amongst other stuff, so to speak, and you only half-grasped how it all works.
