The best stats book I have read so far

Get Free Statistics Workbook For Dummies For Dummies Lifestyles Paperback

(by far the most cost effective). Explains concepts and equations very well, and why they are important. Also, the book is very good at pointing out when statistics falls short, and how statistical methods can be misused. I plan to read the Stats II book (Dummies, and same author) right after this one.

Amazon.com: Customer reviews: Statistics Workbook For Dummies

Competence in and understanding statistics is important to success in such fields as business and science, and is often a requirement for college students in a variety of programs. This handy guide complements author Deborah Rumsey's *Statistics For Dummies* by presenting exercises and fully worked solutions that
