Studio Anywhere: A Photographer's Guide to Shooting in ...

The concept for Studio Anywhere came from photographer Nick Fancher's experience trying to build model shots for his portfolio. As a young professional photographer with a family, he didn't have the money to rent out a studio, and he wasn't familiar with all the areas around some of his models' locations (when he was traveling, for example). So he started shooting in the models' living spaces.

Video: Create a \$20 Photography Studio You Can Use Anywhere. We're here to show you how to create a \$20 photography studio that you can use anywhere, and the best part is, you won't need to go out and purchase new camera gear. In fact, you can even use your smartphone camera to produce quality portraits with an affordable, portable setup.

Create a \$20 Photography Studio You Can Use Anywhere

Deciding where to build your studio depends upon your client list. If you are a portrait photographer, whose clientele consists of local families, then a local place would suffice. However, if you mainly do product or fashion photography, your business is better off situated near the city center. Studio costs could also be an inhibiting factor.
