In horoscopic astrology, a Saturn return is an astrological transit that occurs when the planet Saturn returns to the same place in the sky that it occupied at the moment of a person's birth. While the planet may not reach the exact spot until the person is 29 or 30 years old, the influence of the Saturn return is considered to start in the person's late twenties, notably the age of 27. Psychologically, the first Saturn return is seen as the time of reaching full adulthood, and being faced, perh
