taskitself, planning time, and the report. During the task, learners perform the task individually, in pairs, or in groups, while the teacher acts as a monitor and provides support. During planning time, the teacher optionally gives learners time to prepare for the report.

Task-based language teaching online: A guide for teachers

Task-based language teaching, also known as task-based instruction, focuses on the use of authentic language and on asking students to do meaningful tasks using the target language. Such tasks can include visiting a doctor, conducting an interview, or calling customer service for help. Assessment is primarily based on task outcome rather than on accuracy of prescribed language forms. This makes TBLT especially popular for developing target language fluency and student confidence. As such, TBLT c
