This analogy is typically in reference to product development or customer experience. A cake only comes together when the right amount of every ingredient is integrated into the batter, mixed and baked properly. The same is to be said about a product or service.

Analogies and Business: The Fastest Way to Get Your Point ...

Although sales analogies can be tricky, this set and setting presented a unique opportunity. Success in sales is founded in good communication. The definition I like to use for communication is, "message sent = message received". My client specializes in business telephone systems, installation and service and has been doing so for 30 years.

Sales Tip: Use Analogies to Make Your Point - Sales ...

Analogies for Boosting Sales. Posted by Dave Kurlan on Thu, Jan 20, 2011 @ 23:01 PM. Tweet. Plato and other great teachers throughout history have understood that an analogy can be the most effective way to convey an important message. Analogies couch something unfamiliar or difficult to grasp in a familiar framework around which we can wrap our heads.

Analogies for Boosting Sales - omghub.com

An analogy is the application of meaning, information or strategy from a non-related situation or entity to a current situation. Organizations often use analogies from different organizations and industries in strategy development, whether they are analogies to explain better their context or analogies of strategies to employ.
