Based on the idea that knowledge is power, The Big Green Book of the Big Blue Sea shows how the ocean works and why this immense ecosystem needs our protection. Experiments using everyday materials help explain scientific concepts, such as why the ocean is salty, how temperature affects water density and why fish don't get waterlogged.

I first read The Big Green Book when I was five years old, a gift from my grandmother back in 1962. I reread the book many times over the years until I gave it to my grand niece. So I bought a new copy for myself again. It was great to imagine what magic might do. But in the end the family came back together, a happy ending.

Wow, what a sweet book. This story is told by the little girl who is going to town with her mother for the morning. She has a big green pocketbook, just like Mama's, but hers is empty and she can't find anything to put inside it. Mama says "hurry", because the bus is coming, so the little girl brings her empty pocketbook along anyway.
