Here is the recently published seventh edition of The Concorde Story, a labor of love by author and former Concorde pilot Christopher Orlebar. When this title was first published in 1986, the author had been flying Concorde for British Airways for ten years. At that time, he assembled a great deal of information on the development of this unique design from Sir Frank Whittle's early jet-powered aircraft and exploitation German jet technology after World War Two, through the 1950s and into an ...
